Description

De 1997 à 2000 : période de grande fécondité dans l'œuvre d'Alexandre Voisard. Après l'heure du bilan, qui marque les trois derniers livres du volume précédent, voici l'heure de l'autobiographique (l'autobiographie proprement dite sera dans le volume 8 de L'Intégrale). Relation au passé, la remémoration va de pair avec la quête à nouveau reprise du rapport à soi, maintenant, et du rapport au monde, comme du rapport à la poésie : dans Le Déjeu et Sauver sa trace (avec Le Muguet perdu), elle s'accompagne de réflexions sur la poésie et sur l'acte de créer, ce qui prolonge le bilan sur le mode réflexif. Les Fables des orées et des rues, d'une veine plus distante et plus narquoise, puis les apostilles de Quelques fourmis sur la page apportent à l'œuvre le sceau, parfois secret, d'une sagesse de bon aloi. André Wyss
